ECTACO SpeechGuard® PD-5

Critical situations require timing and knowledge when you can't afford delays or gaps in communication. SpeechGuard® is a multilingual handheld translation device that allows users to communicate in many languages. Speak a phrase into SpeechGuard® and it repeats what you say in the language of your choice. SpeechGuard® is currently used by over 300 agencies including law enforcement, medical, military, and Homeland Security.

- Learn new languages
- Address issues with Non-English speakers quickly
- Build the confidence and comfort of the local population with your agency
- Lower expenses

**The Finest Resource for Staff Development is Now Online!**

Online staff training with over 400 streaming video titles for every position in the veterinary hospital, complete with review questions, testing, activity reporting, CE credits and a customizable curriculum builder.

Provides dynamic training resources for staff, which in turn develops skills, boosts morale, and lowers staff turnover.

- Builds skills
- Turnkey training solution
- Minimizes prep time for hospital administrative staff
- Boosts morale
- Decreases employee turnover
- Improves bottom line performance

[Get More Info](#)

**Your Practice Software Can Now Measure Client Satisfaction!**

Fully automated web-based client survey tool that provides a "Thank you" email to clients within 24 hours of their visit to the hospital and provides a link to an online survey, displaying questions that the hospital chooses.

Gives real-time feedback to help address client concerns in a timely manner, which in turn builds customer satisfaction while identifying areas to target for further staff training.

- Provides real-time feedback
- Allows the hospital to respond to client concerns in a timely manner
- Aids in client retention
- Identifies areas of concern in customer service
- Can be used to identify marketing opportunities for new products and services
